

Illusion

Telling me that we are friends
You ensure me that there is no Jealousy
And you tell me that we are ok
But you know, it s a lie

It is an illusion, illusion
It is an illusion, illusion
It is an illusion, illusion
This delusion hurts....

We are two human beings who have forgotten
about each other on the street of life
Our selfishness killed us both
deep inside

It is an illusion, illusion
It is an illusion, illusion
It is an illusion, illusion

We are drowning in the sea of illusions
It s not easy, not so simple to survive
to spread your wings and fly away
Just imagine what you do...o yes that is you
