

Memory of you

Day after day, I remember you
from a time long ago
I'm so sad
'cuz you are gone

Ref:
The time of life is so short
that's how it goes
Just the memory of you
is left behind

Now I see you in my dreams
Your face is shining like an angel
And I reach for your hand
It is so soft and so alive

Ref.

I miss you so much
hoping that the dream will come true
I believe that I will
see you one day again

Day after day, I remember you
from a time long ago
I'm so sad
cuz you are gone

I remember
those days you were here
I felt so secure (2x)
but when you passed away
I felt all alone (in this world)
I don't feel at home anymore

I remember your smile (2x)
and I get, for a while
peace, my heart
filled with joy
your soul
is still here
